INDEX TO VOLUME NINETEEN (1988)

Articles

A notable probertite find at Boron, California (by J. Minette) **315**
Agardite-(Y), gysinite-(Nd) and other rare minerals from Sardinia (by F. Olmi, C. Sabelli & G. Brizzi) **305**
Anatase on quartz from Ouray County, Colorado (by T. Rosemeyer, E. Raines & R. Stoufer) **103**
Broken Hill, New South Wales; a brief review (by W. E. Wilson) **417**
Calcium arsenate minerals new to the Getchell mine, Nevada (by G. E. Dunning) **253**
Chapman collection; a national treasure (by J. Henley) **461**
Chernikovite, a new mineral name for $(H_3O)_2(UO_2)(PO_4)_2{\cdot}6H_2O$ superseding "hydrogen autunite" (by D. Atencio) **249**
Denver Museum of Natural History (by T. Gressman) **263**
Early American interest in Australian minerals (by R. G. Middleton) **365**
Early Australian mineralogy (by H. K. Worner & T. G. Vallence) **357**
Famous mineral localities: the Almaden mines, Civdad Real, Spain (by J. W. Crawford) **297**
Famous mineral localities: the Ichinokawa mine, Japan (by P. Bancroft) **229**
Famous mineralogists: Jöns Jacob Berzelius (by P. B. Moore) **293**
Formal definitions of type mineral specimens (by P. J. Dunn & J. A. Mandarino) **227**
Introduction (to the Australia Issue) (by W. E. Wilson & W. D. Birch) **354**
Iron Cap mine, Graham County, Arizona (by W. E. Wilson) **81**
James Bowdoin and Parker Cleaveland (by B. B. Burbank) **145**
Mimetite and duftite from the Mount Bonnie mine, Northern Territory (by B. M. England & N. Robinson) **441**
Mineralogy of the Bandora mine, South Mineral Creek, San Juan County, Colorado (by M. Jensen) **241**
Mineral museums of Eastern Europe (by P. Bancroft) **1**
Minerals from the Kintore opencut, Broken Hill, New South Wales (by W. D. Birch & A. van der Heyden) **425**
Minerals of the Moonta and Wallaroo mining districts, South Australia (by A. Pring) **407**
Minerals of Western Tasmania (by J. Haupt) **381**
Mount Isa-Cloncurry mineral field, northwestern Queensland (by R. Sielecki) **469**
Osarizawaite from the Silver Hill mine, Arizona (by C. S. Stolberg) **311**
Protocols for scientists on the deposition of investigated mineral specimens (by P. J. Dunn) **291**
Recent mineral discoveries in Ouray County, Colorado (by B. & J. Muntyan) **89**
Special Exhibit (by W. D. Birch) **466**
The Commission on New Minerals and Mineral Names of the International Mineralogical Association; its history, purpose and general practice (by P. J. Dunn & J. A. Mandarino) **319**
The mineral collection of the Australian Museum (by F. L. Sutherland & G. Webb) **377**
Tonopah-Belmont mine, Maricopa County, Arizona (by G. B. Allen & W. Hunt) **139**
Volcanic zeolites and associated minerals from New South Wales (by B. M. England & F. L. Sutherland) **389**
Willard Lincoln Roberts (by P. B. Moore) **279**
Zeolites and related minerals from the Table Mountain lava flows near Golden, Colorado (by D. E. Kile & P. J. Modreski) **153**
Zeolites from Phillip Island and Flinders, Victoria (by W. D. Birch) **451**

Departments

Book reviews **125**, **205**, **339**
Guest editorial: the preservation of type mineral specimens (by P. J. Dunn and J. A. Mandarino) **226**
Historical notes on mineralogy: the Peter Zodac collection (by L. H. Conklin) **77**
Letters to the editor **127**, **341**
List of donors **221**
Microminerals (by W. Henderson) **199**, **325**
Notes from Germany (by T. P. Moore) **121**, **271**
Notes from the editor (by W. E. Wilson) **74**, **138**, **290**
Special exhibit: Australian minerals (by W. D. Birch) **466**
Special exhibit: minerals from East Germany (by W. E. Wilson) **216**
What's new in minerals? **113**, **209**, **273**, **331**
